Dear Parent/s/Carer/s,

Y1 Closure

Due to a positive case of Covid 19 on site and following advice from PHE on Tuesday, we closed our Y1 bubble. As a result, all Y1 pupils and 5 members of staff are in isolation, unable to access the site, until they hopefully all re-join us on Monday 7 December. Y1 pupils' siblings should still attend unless they themselves are ill or someone in the family tests positive. We really hope that all stay safe and well and remind everyone to let us know if anyone in the family shows symptoms or tests positive for Covid 19.

Home Learning

2 weeks of home learning for every year group was prepared at the start of this term, so we can quickly support all children who need to isolate. In addition, year group emails can be used to discuss progress with teachers, who will also phone you at least once each week should you need to isolate for 14 days.

Whilst we hope it isn't required, 2 weeks of Spring Term work using Google Classroom will be prepared for years 3, 4, 5 and 6 in case of isolation.

The infants will continue to receive home learning in the current format with photocopied worksheets available for those who require them.

Christmas

The guidance for singing, performance, social distancing and cleaning in schools means that we will be sending you a small Christmas gift to mark the season instead.

Non Uniform Day – We would also like all pupils to have some fun by attending school on **Tuesday 8 December in Christmas clothes** wherever possible.

The Chartwells Christmas lunch for Key Stage 1 only will be on Wednesday 16 December.

Pupils can also give Christmas cards to others in their bubble, but not to others.

Finally, we are all really looking forward to our FONH balloon launch next week at midday on Wednesday 2 December. Feel free to join us in the viewing via <https://www.balloonrace.com/FoNH>.

Kind regards

M Gildea
